

## Dates for your Diary

Children return to school  
on 4th September  
9.15am

If your child is new to school you will have a separate start date— please check with your teacher if you do not have this already.

We have had such a lovely year at Mandeville. Taking on so many new children and their families in September 2023 was a bit daunting, but it has brought so much to school and although we are a bigger community we have grown stronger together.

Our Parent for Parent Coffee Mornings have been so successful with up to 40 families attending which has been so amazing. A special thank you to Nadia, Leila and Shymaa for giving their time and energy to support all our families.

We said a very fond farewell to our leavers this year by having a time to come together with their families and celebrate their achievements. We value what the families bring to school and you have all helped us to become the community that we are. Please come and visit, we love to hear how the children have progressed in their new school.

We have sent some handouts with ideas for activities in the holiday and a few links below for physical activities.

Wishing you a lovely summer

Love from us all x
